REPORT OF SCHOOL BOARD.

To the Citizens of the Town of Mason:

In presenting our annual report of the schools, we do not deem it expedient to give you an elaborate essay, but would briefly say that, in our opinion, there has been a decided improvement in our schools.

We have taken special care to secure the most competent teachers, and to keep them in the same school as many terms as possible.

We believe the time has come when only those who have been trained in modern methods of teaching should be employed. The children in our schools now, at nine years of age, are two or three years in advance, in all branches of study, of those of the same age ten years ago.

We have consolidated the schools, and believe that it has been of very great advantage to the pupils, as well as financially.

An increased interest has been manifested by parents, and we have been pleased to see so many present at the close of the schools.

We are unable to give the roll of honor for the entire year, as the winter terms are not completed.

Hoping for greater improvement in the future, we respectfully submit this brief report.
